Spring 2011

Villa Camilla is a splendid 19th century residence which has always been owned by the Marquis of Rozzano family. It is a symbol of excellence and Italian style.

The inside of the Villa is of outstanding beauty; mosaic floors, carved wooden staircases, statues and frescos from the 18th century and paintings from the end of 19th century.

Ten superb bedrooms each one with private bathroom.

Maples, Oaks, Redwoods, Magnolia, Araucaria from Chile, Lime trees and Japanese Bamboo are only a few of some of the most beautiful rare examples of botanic beauty admired in the park of Villa Camilla.
